

# Duct Mufflers

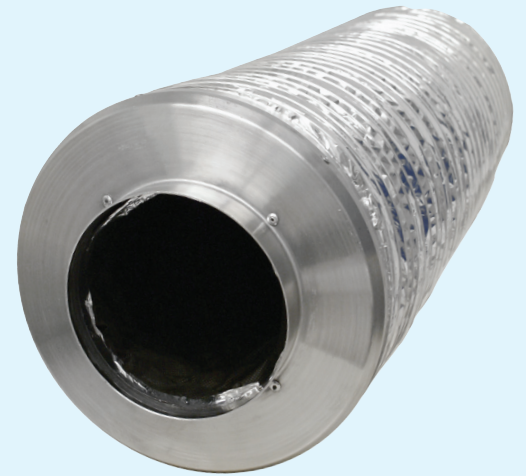

## Benefits of Duct Mufflers

When installed in ductwork, ThermoFlo Mufflers will reduce noise coming through duct in an efficient way. The muffler does not impede airflow when coupled with the ductwork.

If you are looking to acquire better acoustics without the interference of undesired external sounds in your residence, conference room, sound studio or any environment for that matter, ThermoFlo's Duct Muffler is the perfect choice for you.

You can use ThermoFlo's Duct Mufflers whether you are in the process of your ductwork installation or in existing ductwork.

## Sizes Available

Size	6", 8", 10", and 12" diameter
------	-------------------------------

ThermoFlo Technologies guarantees that ThermoFlo Duct Mufflers to be free from defects from the date of manufacture. The warranty is void if the Duct Muffler is tampered with or installed in any way that is inconsistent with ThermoFlo Technologies installation guidelines.
